## NiCAM™-31 Binocular Night Vision Goggle NVG

NiCAM™-31 is a miniature binocular night vision goggle (NVG) for military and civilian applications including special forces, search & rescue, police, border security, target acquisition, counter drug operations, park rangers monitoring wildlife/illegal game hunters, VIP protection and for general situational awareness.

The unique design of NiCAM™-31 allows it to be used either in binocular or monocular mode and it supports a wide range of 18mm Gen 2+ or higher performance tubes to suit all applications and budgets.
